FRANKFORT, JANUARY 11, 1879.

Ice is over a foot thick on the river.

New sleighs make their appearance on the streets every day.

Go to the Murphy meeting at the court-house next Monday night.

Mercury reached 16° below zero yesterday morning. Too cold for fun.

There are, perhaps, more sleighs in this city now than at any former period of its history.

Mr. Luscher favors the gas well project, and has a plan for furnishing the city with an abundance of good spring water, at a cost not exceeding \$10,000.

Since the cold weather set in, Mr. Banta, the fruit dealer, has had stolen from his store one bucket of mince meat, two dressed ducks, about fifteen pounds of fresh fish, and a large dressed turkey. The thief evidently has a proper appreciation of the good things of life.

There is every reason to believe that Major Hall will be full next Monday night, to greet one of Frankfort's greatest favorites, Mrs. Henrietta Chanfrau. She will appear as leading character in "Jealousy," and will be supported by a first class company. Go to Dryden at once and secure a seat.

Quite a number of poor people take orders from the executive committee of the Frankfort Humane Society for provisions to keep them from starvation, and want the grocers to "give the balance in tobacco." Such persons are very properly informed that the orders are given for necessities, and not for luxuries.

The following is the official vote of the city of Frankfort, taken on Saturday, January 4th:

The poor of the city are receiving some attention from the charitably disposed people of Frankfort.

Many poor people of this city, who suffered the pangs of hunger more than once this winter, were fed yesterday.

The boys are having a jolly time with their sleds. From one to a dozen can be seen hitched on to almost every vehicle that passes.

Too much snow on the ice for skating, so the boys buckle on their skates and take the middle of the streets, where the snow has been beaten down hard.

There is to be a Murphy meeting at the court-house next Monday evening, at 7 o'clock, to which everybody is cordially invited. Let there be a full attendance.

Communications intended for this paper must be accompanied by the real name of the writer, or vouched for by some one known to us; otherwise they will receive no attention.

F. V. Gray & Co. received a large stock of fresh groceries yesterday, since which time every man in the house has been as "busy as a bee." They were in a run nearly all day yesterday supplying the wants of the poor.

It is reported that Gen. G. C. Smith will lease Capital Hotel at the expiration of Capt. Steele's term. Gen. Smith is one of the best known and most popular men in the country, and the Capital would be immensely popular under his management.

Invitations are out for the marriage of Miss Lettie Todd, this city, and Mr. Arthur Peter, Jr., Louisville. The ceremony will take place at the residence of Mr. Jas. M. Todd, at 1 o'clock P. M. next Wednesday. May the sunshine of prosperity and happiness illumine their paths through life, and never a cloud to mar the brightness of their matrimonial felicity.

An intelligence and employment office has been opened at the store of Marshall & Meagher, where persons desiring employment, as well as those wanting to hire help, should leave their names. Several stout negro women called there yesterday and said they wanted "something." They had been told that this enterprising firm was giving goods away, but on being informed of the object of the office, they said it was too cold to work, and they were not in good health, if they did look so.

Personal.

Hon. J. B. Tharp, Nicholasville, was in the city several days this week.

Mr. Sidney French spent several days this week in Louisville, on professional business.

Dan Driscoll is one of the rising young men of Frankfort. He is a natural born orator.

Mr. Russell Sneed, our handsome City Clerk, goes to Louisville next Monday on business.

Landon Thomas, Jr., after having spent two weeks at home, left for Bethany College, W. Va., last Monday.

John Pendleton left for Louisville Wednesday to finish a course of study in the College of Pharmacy in that city.

Wm. A. Smith, Jr., spent the holidays at home, and returned to his studies, at the College of Pharmacy, Louisville, last Monday.

Mr. R. Campbell Steele went to Louisville Tuesday to take charge of the Willard Hotel. His family will leave for that city soon.

Mrs. Emily Tubman and Mrs. Louisa Keiningham left Wednesday for their home in Georgia, accompanied by Dr. J. S. Price.

Miss Mattie Roberts, who has been the guest of Mrs. Thos. H. Hines for several weeks, returned to her home in Bowling Green this week.

Mr. Chas. Haydon, Louisville, was shaking hands with his old friends in this city a few days this week. He looks healthy and cheerful, as usual.

Our nice young man has been ruralizing this week. He will be on hand to see that the Murphy meeting is properly conducted next Monday night.

Misses Anne and Emily Thomas left for Harrodsburg last Monday to resume their studies. They spent two weeks at home, and, no doubt, feel better for the rest they have enjoyed.

Mr. Hiram Dinguid and bride, nee Miss McCann, of Carroll county, are visiting relatives in this county. They arrived Thursday evening, when a reception was given, in honor of them, by Mrs. Lettie Jett. Mr. D. is a brother to Mrs. Lee A. Owen, this county.

Prof. Neereamer, the accomplished leader of the Frankfort String Band, is in Lexington on professional business. There is some talk of the Lexingtonians trying to entice him away from us, and unless an effort is made to keep him here, Frankfort will soon be without one of the best musicians ever in this section.

Farmdale.

The past week has been the coldest known to the oldest inhabitant.

Mr. Harry Thomas has returned from a business visit to Louisville.

The "Beautiful Snow" still covers the earth about eight inches, and the tintinnulation of the bells is anything but happiness to the horses.

General Scott Brown shipped a car load of fat mules to Georgia this week, his own feeding and raising. He is one of our most enterprising farmers and stock raisers, and ships annually from one to three car loads of stock to market. Last year he shipped a portion of his stock to Baltimore, but did not like the returns well enough to try the experiment again.

Mr. Reuben Hawkins met with a serious accident recently, since the snow. His horse slipped and fell with him, dislocating his left shoulder; though in great pain, he remounted his horse and rode home, a distance of six miles, in the night time, alone, before he had medical assistance, and when he did get the doctor he said the doctor hurt him more than the horse did. He says he does not want to go to any more weddings in Christmas, unless it is his own, which will be sooner than next Christmas, from present prospects.

A gentleman from this vicinity (and a correspondent of the Roundabout, "Pos") removed to Antioch, has the smartest dog in the county. A note tied on the dog's neck will be conveyed from his home to that of his mother-in-law, near Bridgeport, and an answer returned by the same messenger.

How it is done: The dog does not know but two places, home at Antioch and the one at Bridgeport. "Pos" will tie a note to his neck, and a tin pan to his tail and give him a sound thrashing, and tell him to get out, when the dog goes to his next friend, where a similar incentive will cause him to return the answer. A very effectual training. Pos brother says this is the way the thing is done.
